**Three year Prepaid Premium: 2.85 x Annual Premium.**

**Annual Premium based on no losses in last 5 years.**

**\* Since this is blanket position coverage, count all employees (including owners/officers if they are to be included in coverage) when computing the premium. Rates are subject to change at any time.**

**You should be able to trust your employees.**

But the fact is, according to the U.S. Chamber of Commerce, three-fourths of all employees admitted stealing from employers at least once, and half of these steal again and again. This problem is so widespread, the Chamber estimates the annual cost of employee theft at \$50 billion.

**You can't predict which employees will be dishonest:**

- The bookkeeper of a gas station embezzled thousands of dollars over several months. The station owner was unaware of the embezzlement until returning from vacation and finding the bookkeeper gone.
- An employee of a home supply business stole money and merchandise, and falsified refund slips during two years of employment with the company.
- Three employees of a nanny service stole items from homes in which they worked. One employee stole a gold and diamond ring, another stole a 2-carat diamond ring and the third stole a wedding set.

The businesses in these examples were protected by our Dishonesty Bond and their losses were covered by CNA Surety, up to the coverage limits purchased. Coverage under the Dishonesty B Bond is subject to the conviction of the defaulting employee.

**Or know the potential damage they can do to your business.**

An employee theft can deliver a striking blow to your business. Small companies can be especially hard hit by theft and embezzlement, because they can't afford extensive safeguards and aren't large enough to absorb the losses.
